

Polo Trailers

Gooseneck

There are many reasons why 4-Star sells more Polo trailers than any other manufacturer. First and foremost is our commitment to the safety of your equine companions. Each 4-Star trailer is built with meticulous attention to detail to ensure that there are no sharp edges or conditions which could pose a danger to your horses inside the trailer. All interior aluminum extrusions are rounded on the sides facing toward the animal compartment.

Standard Polo trailers are available in lengths of 24'-0", 26'-0", 28'-0", and 32'-0".

Custom lengths less than 24'-0" and up to 44'-0" may be ordered in 6" increments. Custom widths are also offered from 6'-6" to 8'-6"

If you have special or unique requirements, our network of knowledgeable dealers will work with you and our staff to configure your trailer the way you want.

All 4-Star Trailers Come With Our
8 YEAR WARRANTY
